

# Do you want to be head of your own practice ?

## Wanted – leading healthcare expert for global expansion programme

As part of their continued success Ipsos Health are now doubling the size of their team in the UK. They provide varied research solutions on a global scale to key players within the pharmaceutical industry. To accomplish this they need to build on their existing strong team. **Can you... Rewrite the prescription? Drive international research? Build relationships? Bring out the best in people?**

**Research Director** wanted with at least ten years solid research experience, as well as managerial experience, to head up the unit. The future direction of our offerings will depend heavily on the person who fulfils this Director position. Your focus – to build from a strong foundation a leading healthcare research provider by developing business, maintaining relationships and expanding the existing team in an exciting and competitive market.

### Salary & Benefits

£basic salary + cash allowance + 27 days holiday + Health + Flexible Benefits

**As part of this global expansion we are looking for people at similar levels in the US & germany**

**If you are interested in this position or our overseas opportunities please contact our retained consultant Frankie Wootton-Kelly at RPCushing on 02076328800 or email [marketresearch@rpcushing.co.uk](mailto:marketresearch@rpcushing.co.uk).**
